# BPET Vision

## Learn, Enjoy, Succeed

Every BPET child and staff member enjoys a broad (LEARN) and enriched (ENJOY) learning experience, enabling them to achieve far greater individual success (SUCCEED) than they might previously have thought possible.

- Our Mission

To grow hubs of like-minded, autonomous schools, well-supported, all of which combine academic rigour with highly enriched opportunities that deliver a personalised approach to education and exceptional outcomes for all.

- Our Difference

We are leading the way in delivering high quality education through a skills-based curriculum, applying the best of the independent and state sectors to deliver breadth of opportunity and pupil enrichment. We empower all our schools as individual entities that best meet the needs of the communities they serve and have a strong relationship with parents, who are our key partners in delivering the vision.

- Our Promise

Every child is an individual. Our role is to nurture pupils' potential through a personalised approach to learning. BPET children are happy, independent, confident all-rounders. We encourage a 'be interested and be interesting' attitude in children and staff alike. We don't just teach; we want our pupils to have a passion to learn. Our focus is on all pupils, regardless of background or academic ability, focusing on pupils with Special Educational Needs as well as those who are more-able.
