

Rivermead Waves of Intervention Model

Special Needs Waves of Intervention Model

Wave 1

Wave 1 is good quality, inclusive teaching which takes in to account the learning needs of all the children in the classroom. This includes providing differentiated work and creating an inclusive learning environment.

Wave 2

Wave 2 outlines specific, additional and time-limited interventions provided for some students who are falling behind the age expected level. Wave 2 interventions are often targeted at a group of students with similar needs.

Wave 3

Wave 3 is targeted provision for a small percentage of students who either require a high level of additional support/specialised provision in order to address their needs or is for students who have been identified for an intervention designed to accelerate progress.
